Birthdays are special days. Children enjoy celebrating their birthday here at school. Your child may bring treats to share with the class on their birthday. Those students who have summer birthdays may celebrate it at the half year point, i.e. July 13th b-day could celebrate on January 13th or near the end of the school year. Please remember, our time in the classroom is extremely tight. If you choose to send treats, please have them ready to be served (cut, sliced, etc.) I appreciate your help with this matter!
